

NNA08200778-RRG

Aerospace Testing and Facilities Operations and Maintenance

STATUS

February 5, 2008

- ❖ Interested Parties List – posted today
- ❖ Interested Parties List updates will be made periodically based on requests received **by email**. Please be sure to include information similar to what is posted on the current list.
- ❖ Responses to RFI have been received and are in review for development of acquisition strategy. When information is available to the public, it will be posted on the Ames Business Opportunities Home Page. See information below on the Acquisition Forecast and Business Opportunities websites.

The Ames Acquisition Forecast link (at the end of this paragraph) will give you the Product/Service Code, approximate value range, the fiscal year and quarter for release of the solicitation, whether it is expected to be a small business set-aside (and the extent), and if the requirement will be competitive. An explanation of the codes shown is at the bottom of the webpage (<http://server-mpo.arc.nasa.gov/Services/Proc/ProcDocs/forecast.tml>).

The best way to keep informed on a regular basis is to register for email notification by clicking on the "Email Notification" tab at the top of the Ames Business Opportunities Page (<http://prod.nais.nasa.gov/cgi-bin/eps/bizops.cgi?qr=C&pin=21>).

After you create your profile (user account), follow the "Create Subscription" link to begin tracking acquisitions by:

1. product / service class code;
2. NASA center; and / or,
3. acquisition number.

Note: You are permitted to create multiple subscriptions for customized email notification. At any time you can update your profile if your email address changes or delete your user profile when you no longer wish to receive NAIS notifications. Similarly, your subscriptions can be modified when necessary. You will receive an email with each change to your profile and/or subscription containing the instructions for activating the change.
